

# Renewable Energy Member Agreement

Eastern Illini Electric Cooperative, Inc. (EIEC) is a member-owned cooperative. Our responsibility is to serve the needs of our members. This includes developing programs as provided for in our bylaws and regulations for members that are interested in offsetting some of their electric use with a renewable energy system.

The main documents of our renewable energy program include the EIEC bylaws and Regulations 26, 26A and 27, and all related attachments, amendments and exhibits. All of those documents are available on our website and can also be emailed.

Furthermore, to assist both the member installing the renewable energy system, and protect the integrity of the electric system for all of our members, EIEC requires insurance coverage of at least \$1 million, with EIEC (Eastern Illini Electric Cooperative, Inc., PO Box 96, Paxton, IL 60957) listed as an “additional insured” on business policies or as a “certificate holder” for residential/farm policies. This insurance should be part of the applicable existing homeowners or business insurance policy.

As a member of EIEC authorized to sign for the service location at:

\_\_\_\_\_, I attest and affirm that I/we are the owner(s) of the renewable energy system equipment described on my/our Interconnection Request. If, I/we are not the owner and the renewable energy system is owned by a person or entity financing the purchase, then that person or entity is to be passive, meaning that I/we are in full operational control of the renewable energy system, and the person or entity financing the purchase by me/us is not in the electric business. This also means that the financing person or entity is not being paid based on a calculation of the amount of electric energy generated by such renewable energy system nor by a flat charge per kWh of electric energy.

I/we acknowledge that subject to EIEC bylaws, regulations, and policies regarding membership and interconnection, I/we cannot enter into any such agreement to purchase electrical energy from a third party because of the contractual relationship with EIEC. I/we also acknowledge that if my/our EIEC membership is a joint membership, I have the authority to sign this agreement for the other joint member.
