Generator Features

We are proud to offer Briggs & Stratton generators that all include Sound Shield Technology.

Your generator package includes a pad mount (up to 20 KW), battery, oil, hour meter, cold-weather kit (or block heater for larger models) and brushless alternator. Liquid-cooled models require a concrete pad.

Diagnostic alerts are included on all models.

The generator engine includes a 4-year limited warranty. The circuitry has a 3-year warranty.

The above pricing does not include professional installation, which starts at \$1,175 and consists of:

- Installation of generator
- Installation of transfer switch (within 2 feet of panel and 30 feet of inlet box)
- Site-survey
- Site clean-up
- Final start-up inspection of system

An optional maintenance agreement (for air-cooled units only) features an annual inspection of the generator. The maintenance agreement is \$150 per year, or \$500 for four years. It is NOT an extended warranty program and DOES NOT include routine oil changes during the year. The agreement DOES include:

- Electrical system check
- Battery system check
- Engine inspection
- Lubrication system check
- Cooling system check
- Fuel system check
- Exhaust system check
- Transfer switch inspection
- Overall unit cleaning
- Oil filter replacement
- Spark plug replacement
- Air filter replacement
- Oil change

The customer is responsible for making arrangements to provide gas or propane connections to the unit.

Members of Eastern Illini may finance up to \$10,000 for the generator purchase at 5.5% for up to 7 years.
